"If it opens in a browser, I can fix it"

Summary

I am passionate about the Internet, people and everything that connects the two. I eat frontend web development for breakfast every day and my favorite dish (at the moment) is Vue.js.

Experience

Jan 2021 - present

Senior Frontend Web Developer, *SHE Information Technology*

My responsibilities include maintaining a multi-language web platform based on FirstSpirit CMS, creating new Vue.js components and providing support for content teams around the world.

Jan 2020 - Dec 2020

Mid Frontend Web Developer, *Salt&Pepper*

Worked with a remote Maltese team to build and deliver an online casino. We created new functionalities using a proprietary frontend framework built on top of Vue.js with Typescript.

Jun 2018 - Dec 2019

Mid Frontend Web Developer, *QCatalyst*

Building, testing, deploying and maintaining responsive consumer-facing web applications for National Geographic using modern technologies like React, Redux, TailwindCSS, Webpack, Storybook and Jest.

Apr 2017 - May 2018

Mid UI Developer, *3Pillar Global*

Developed financial education learning modules for a US-based client in a React.js app. As a team, we worked with tools like Github, CircleCI, JIRA, Browserstack and Confluence to deliver high-quality readable code and documentation.

Jun 2016 - Mar 2017

Junior Frontend Web Developer, *Yonder*

Migrated a legacy app from Microsoft Silverlight to AngularJS and built the frontend of a completely new web app from scratch using Angular.js 2 and Bulma CSS.

Feb 2016 - May 2016

Intern Web Development, *Yonder*

Learned the basics of web development - HTML, CSS, JS, JQuery. In the last month, we built a small web multiplayer game using Flask (a Python framework), Bootstrap, and SocketIO.

Sept 2015 - present

Trainer, *Digital Kids Cluj*

During weekends, I teach children the computer skills they need to thrive in the 21st century, including the basics of programming, photo/video editing, robotics, and other digital abilities.

Education

2014 - 2017
2010 - 2014

Computer Science B.Sc., *Babes-Bolyai University, Cluj-Napoca*
Mathematics - Informatics, *Emanuil Gojdu High School, Oradea*

Why hire me?

When building on the web, I am the guy to call. I am passionate about every step of crafting performant web applications and continuously delivering top-notch functionalities. Over the last 6 years, I also took small freelancing jobs, I have built several [side-projects](#) and I went to a [dozen hackathons](#) to train exactly those muscles. You don't have to take my word for granted, you can read [my recommendations](#) or you can take a look over my [personal portfolio](#).
