Summary

Versatile frontend web developer with broad experience using all kinds of JS frameworks, but my favorite stack (currently) is **Vue.js** and **Nuxt.js**. I am passionate about education, the Internet, and blockchain technology - and everything that connects the three.

Experience

Mar 2022 - Present

Senior Vue.js Freelancer, BinarCode

Designed, implemented, tested and documented frontend functionalities of a web-based job management platform using Vue.js, Tailwind, Pinia, FormKit, ElementIO and Netlify.

Ian 2021 - Mar 2022

Senior Vue.js Developer, SHE Information Technology

My responsibilities were maintaining a web platform based on FirstSpirit CMS, creating new Vue.js components with Bootstrap and providing support for multilingual content teams.

Jul 2018 - Dec 2019

Frontend Web Developer, QCatalyst

Building, testing, deploying and maintaining responsive consumer-facing web applications for National Geographic using modern technologies like React, Redux, Tailwind, Webpack, Storybook, Cypress and Docker.

Apr 2017 - Apr 2018

UI Developer, 3Pillar Global

Developed financial education learning modules for a US-based client in a React.js app. As a team, we worked with tools like Github, CircleCI, JIRA, Browserstack and Confluence to deliver high-quality readable code and documentation.

Ian 2016 - Apr 2017

Junior Web Developer, Yonder

Migrated a legacy app from Microsoft Silverlight to AngularJS and built the frontend of a completely new web app from scratch using Angular.js and Bulma CSS.

Feb 2016 - present

Trainer, Digital Kids Cluj-Napoca

In my spare time I teach children the computer skills they need to thrive in the 21st century, including the basics of programming, photo/video editing, robotics, web development and other digital abilities.

Education

2014 - 2015

2010 - 2014

Computer Science, **Babes-Bolyai University, Cluj-Napoca**

Mathematics - Informatics, **Emanuil Gojdu High School, Oradea**

Why hire me?

Results-driven and people-oriented, I am feeling most comfortable in agile, fast-paced development environments. My passion is crafting modern web applications with great UX. Beside my regular frontend developer job, over the last 6 years I have built several freelancing [side-projects](#) and I went to a [dozen hackathons](#) to train those muscles.
